

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the abuse of the public airwaves.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. They should not have a biased point-of-view but admittedly do. Simply their business should be reporting on events, in this case the campaigns, not being a part of them.

Sinclair is also abusing its position as an owner of many stations, by forcing content from one central source on broadcasters in diverse markets.

I urge you to take action to enforce the basic rules of fairness and force Sinclair to stop their plans to broadcast a blatantly biased and deceitful piece.
